An extraordinary book that explains how prayer, hands-on healing and anointing with healing oils work. This thorough approach covers the basics about healing oils from biblical history to modern-day hands-on healing techniques. The early church practiced a healing ministry that included prayer, hands-on healing and anointing which has formed a foundation for healing through the ages. They didn't anoint with cooking oils, but rather, they anointed with healing aromatic oils. Nurses, ministers, and lay-healers alike will benefit from this contemporary look at Christian healing.
