## **Inspired Remnants, Curious Dreams: Mixed Media Projects in Epoxy Clay** Kerin Gale

It's all about creating the curious. Inside this book, you will be introduced to 26 very unique and unusual stepped-out projects, each offering new techniques using epoxy clay. Two-part epoxy clay can be sculpted and manipulated in a variety of ways and is extremely durable when cured, resulting in amazing effects that are easy to achieve with no sculpting experience necessary! You will learn the basics of working with this new craft medium and then dive into the projects, which feature sculpted and molded epoxy clay inspired by and often combined with altered remnants. Projects include mixed-media pieces such as a small totem, curio cabinet, fish tank and lighting along with personal style and jewelry items fashioned in a curious, Victorian Gothic style.
