Ready Player One Ernest Cline

At once wildly original and stuffed with irresistible nostalgia, **READY PLAYER ONE** is a spectacularly genre-busting, ambitious, and charming debut—part quest novel, part love story, and part virtual space opera set in a universe where spell-slinging mages battle giant Japanese robots, entire planets are inspired by *Blade Runner*, and flying DeLoreans achieve light speed.

It's the year 2044, and the real world is an ugly place.

Like most of humanity, Wade Watts escapes his grim surroundings by spending his waking hours jacked into the OASIS, a sprawling virtual utopia that lets you be anything you want to be, a place where you can live and play and fall in love on any of ten thousand planets.

And like most of humanity, Wade dreams of being the one to discover the ultimate lottery ticket that lies concealed within this virtual world. For somewhere inside this giant networked playground, OASIS creator James Halliday has hidden a series of fiendish puzzles that will yield massive fortune—and remarkable power—to whoever can unlock them.

For years, millions have struggled fruitlessly to attain this prize, knowing only that Halliday's riddles are based in the pop culture he loved—that of the late twentieth century. And for years, millions have found in this quest another means of escape, retreating into happy, obsessive study of Halliday's icons. Like many of his contemporaries, Wade is as comfortable debating the finer points of John Hughes's oeuvre, playing Pac-Man, or reciting Devo lyrics as he is scrounging power to run his OASIS rig.

And then Wade stumbles upon the first puzzle.

Suddenly the whole world is watching, and thousands of competitors join the hunt—among them certain powerful players who are willing to commit very real murder to beat Wade to this prize. Now the only way for Wade to survive and preserve everything he knows is to *win*. But to do so, he may have to leave behind his oh-so-perfect virtual existence and face up to life—and love—in the real world he's always been so desperate to escape.

A world at stake.

A quest for the ultimate prize.

Are you ready?

From reader reviews:

David Hernandez:

Nowadays reading books be than want or need but also be a life style. This reading routine give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book in which improve your knowledge and information. The knowledge you get based on what kind of guide you read, if you want send more knowledge just go with education books but if you want sense happy read one with theme for entertaining for instance comic or novel. Often the Ready Player One is kind of book which is giving the reader unstable experience.

Antoinette Hogg:

In this period of time globalization it is important to someone to obtain information. The information will make someone to understand the condition of the world. The healthiness of the world makes the information better to share. You can find a lot of references to get information example: internet, classifieds, book, and soon. You will observe that now, a lot of publisher that print many kinds of book. The book that recommended for you is Ready Player One this e-book consist a lot of the information in the condition of this world now. This particular book was represented how can the world has grown up. The words styles that writer use for explain it is easy to understand. The particular writer made some exploration when he makes this book. This is why this book suited all of you.

Amanda Mathis:

Is it anyone who having spare time in that case spend it whole day simply by watching television programs or just lying down on the bed? Do you need something new? This Ready Player One can be the response, oh how comes? It's a book you know. You are therefore out of date, spending your time by reading in this new era is common not a geek activity. So what these books have than the others?

Casey Russell:

Do you like reading a guide? Confuse to looking for your best book? Or your book had been rare? Why so many query for the book? But just about any people feel that they enjoy for reading. Some people likes studying, not only science book but novel and Ready Player One or others sources were given understanding for you. After you know how the good a book, you feel wish to read more and more. Science publication was created for teacher or even students especially. Those textbooks are helping them to bring their knowledge. In some other case, beside science reserve, any other book likes Ready Player One to make your spare time far more colorful. Many types of book like here.
