Past President, AGHE

David Haber has done it again! ...A must-have for students and faculty alike.

**-Barbara Resnick, PhD, CRNP, FAAN**

Substantially revised and updated, the sixth edition of this classic text continues to define healthy aging by illustrating how to prevent disease and make large-scale improvements toward health and wellness. New to this edition is current information regarding the future of Medicare, Social Security, and the Affordable Care Act, information about the Healthy People 2020 initiative supported with examples, up-to-date and comprehensive medical screening recommendations, and an extensive review of new developments in complementary and alternative medicine, geriatric mental health, community health, and public health policy. A new section on technology and aging is also included, as well as an instructor's manual.

The text synthesizes current research findings with practical applications, and includes detailed and updated descriptions of the author's own programs that have been recognized by the National Council on the Aging's Best Practices in Health Promotion and Aging.
