Mark Twain

Complete Short Stories of Mark Twain Mark Twain

An excellent edition that contains all Mark Twain's short stories from the earliest one in 1865 to the stories issued in 1916, six years after his death. Interestingly, this book contains the exact same contents as the latter volume published by Alfred A. Knopf, with an Introduction by Adam Gopnik but no mention to Charles Neider's editing. This edition unlike the newer edition does have the important "Note on the Text" page, where Neider exclaims that two works do not appear in the volume (A Cure for the Blues / The Private History of a Campaign that Failed) because where they are short pieces, they are not short stories. This statement does not appear in the latter edition, nor does the editors name, an unfortunate oversight in this reader's opinion. This volume contains all 60 satirical, uproarious tales by the greatest yarn-spinner in American literature, and as fresh, and vivid as ever more than a century after his death. An excellent addition to any library.
