The complete story in one collection!

Crash - Part One

When Emily Saunders lost her leg in the car accident that took her brother's life, she thought she was done getting close to people. She found solace in her work instead, a start-up company forged in the name of helping people like her obtain artificial limbs that could give them a shot at a normal life—or something close to it.

Then Carter Murphy walks into her life. Tall, dark, and English, he sweeps her up like a whirlwind, demolishing the walls she's worked so hard to put up and shaking her to her very core.

But as her head spins, it becomes clear that not everything is as it seems—especially Carter. A dark, dangerous secret threatens to tear them apart, a sin so great there just may be no coming back... for either of them. Can Emily escape her past and find a future with Carter, or will she succumb to the pain and doubt she's worked so hard to keep at bay?

Crash - Part Two

In the wake of a startling revelation, Emily will have to decide if her trust in men died the night her older brother did...

After learning Carter's identity, Emily swears off men—or at least, men who lie to her like he did. But fate has other plans, and soon she finds herself pulled into his orbit again, unable to tear herself away from the potent magnetism of his passion.

As tensions rise in both her professional and personal life, she seeks solace in his arms, certain that he is the one thing she can count on. But trust is a delicate thing. Will Carter's love serve to strengthen it, or will Emily's painful memories drive them apart?

Crash - Part Three

After finally learning the secret that Carter has been keeping from her, Emily dives into her work. Numbers and data are predictable—love, not so much. But even as she tries to steel herself for the explanation Carter has to give, she couldn't have anticipated how those words would make her feel, or how his tenderness would draw her back into his arms once again.

For a moment, all seems to be well in both her personal and professional life. But then John makes a shocking discovery that could ruin their business once and for all. Worse yet, someone Emily trusts is in the

middle of it all.

Unsure of where to turn, will Emily find solace in Carter's embrace, or will she reach out to find nothing but more lies?

Crash - Part Four

A shocking revelation propels Emily and Carter headlong into a series of events that will change not just their lives, but everyone else's, forever. Now that the truth is out, the battle against PharmaTech begins in earnest, and that means putting everything on the line.

With the memory of her brother still weighing on her heart, nothing could be as important for Emily as this—except for Carter, who has changed her life and made her whole in ways she was never expecting.

When his future is threatened as a result of her actions, she must make a choice to set him free or keep him for herself, despite the consequences. Can she be so selfish, or will she sacrifice her happiness to ensure his own?

One final truth will be revealed. But will it be enough to save them?
