## **Numerology for Beginners (A Beginner's Guide)** Kristyna Arcarti

This is an introduction to numerology for the absolute beginner. It includes explanations of the technical vocabulary, explains how to work out numerologically significant numbers, and analyzes the significance of each number up to 52 - the last numerologically significant number. It also relates numerologically significant numbers to personality and a person's career, family life and health; explains compatability between people for whom different numbers are significant; links numerology, astrology and the tarot; answers questions and exercises to allow for self-testing and understanding; shows the practical applications of numerology in everyday life; and provides analyses of realistic case studies to build the beginner's confidence in interpretation. Kristyna Arcarti is the author of the "Teach Yourself 1993 Star Guide".
