Sherdan's Prophecy (Sherdan Series Book 1) Jess Mountifield

The first book in the Sheridan series

Sherdan has spent many years planning for the future of the superhuman race he's created. Now he's in control of their land and he is expected to forge a fresh start and provide somewhere safe for them all to live, but Britain's PM has other ideas. On top of this he has to face the one thing he never expected to; love.

Anya is on a mission from God; to find out why she has been sent to the heart of Bristol, and what she can do to stop the world being plunged into war. When she finds herself forced to choose between Sheridan with his enzyme fuelled followers and her own country, only her faith can see her through.

Sherdan's Prophecy is a tale of high stakes and political intrigue. A science fiction novel where faith and technology come together to take the human race another step closer to the final showdown. A gritty account of power that shows both the best and the worst of humanity.
