Whether you're a nostalgic member of the post-WWII generation or a digital native wondering what all the "Sixties" talk is about, you will find something to put a smile on your face as Gus Russo takes you on a personal cinematic ride through the turbulent 1960s, 1970s, and beyond. Emerging from the funky blue-collar Baltimore that gave rise to Edgar Allan Poe, H.L. Mencken, Frank Zappa, and John Waters, Russo nurtured an endless curiosity and *joie de vivre* by inserting himself ala "Zelig" (or is it "Forrest Gump"?) into the worlds of a stunning array of American icons—from music, to tennis, to politics, to filmmaking. However, he didn't do so as a "fan," but as a modern-day Siddhartha, trying to work with, and most importantly learn from the best. He made music with them, played tennis with them, and got pepper-sprayed at rallies with them. Through his eyes we view the civil rights movement, the JFK assassination, the anti-Vietnam War demonstrations, the golden ages of tennis and music, and the rise of the counterculture. Like the late raconteur Jean Shepherd, Russo universalizes his growing-up experience as he follows his bliss during one of the most exciting times to be young in America. *Boomer Days* will make older readers misty-eyed and younger ones infinitely more informed about this transformational period in American history.
