I felt so out of place going to my mother's fancy wedding on a private island. I could never dream of living a lifestyle full of so much luxury. It was all a bit overwhelming, and then I found someone I thought I could relate to. With his tattoos and muscular body, I never would have pegged him as any type of billionaire, but with the way he demanded respect from everybody in the room, I guess I shouldn't have been so surprised to find out that's exactly what he was. He was everything I had ever been attracted to in a man... but then I realized that he is also a total arrogant prick.

Still, for some reason I couldn't get him out of my head. By the time I realized that he would be my new stepbrother, it was too late. I was hooked on him. I couldn't wait to get off that island as fast as I could, but it turns out I lost my passport and couldn't get back into the country without it. So I'm stuck here with this complete jerk, and he's infected my thoughts like a rich, sexy, parasite. I don't know what to do.

Dirk

My father's new marriage is a joke, but the one thing I'm not laughing about is my sexy new stepsister. Her curves bring out the beast in me and I have to do my best to behave. Not only is she my stepsister, but she seems a little uptight. It's probably nothing a good time wouldn't fix, but I have my hands full already with my work.

I'm a self-made billionaire, and I intend to keep it that way. However, a group of Russians are determined to hack into my empire and bleed me dry. I can't let that happen, and unless I can find a way to keep my new stepsister out of my hair so I can focus on the important things, we're all going to be in trouble. I want her so bad I can hardly think straight, but I have to or there will be hell to pay.
