#### **Eugene Ruano:**

As a university student exactly feel bored to help reading. If their teacher requested them to go to the library as well as to make summary for some reserve, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that reading is not important, boring and can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Constructed Wetlands for Water Quality Improvement can make you sense more interested to read.
