Group Counseling Concepts and Procedures

Robert C. Berg

Group Counseling Concepts and Procedures Robert C. Berg

The fourth edition of this well-respected text, first published in 1979, is a timely and thorough revision of the existing material. *Group Counseling* has done well over the years, due in large part to its comprehensive history of group work as a counseling specialty, the practical nature of the authors' explanations, the diversity of sources the authors draw upon, and the international acclaim of Dr. Landreth's work on play and filial therapy. This text will provide both novice and experienced counselors with a framework from which to expand their group counseling skills and knowledge.
