Have you ever wondered about the correctness of the messages and teachings of preachers behind the pulpits and on TV today? Who holds them accountable for explanations and outlines of the truth? Who questions them or anything they say? With sound biblical exegesis, this book challenges you to keep an open mind and determine for yourself what is true or false. As an ordained Word of Faith preacher, Joe Bachota has firsthand knowledge of the doctrines being preached. Word of Faith Preachers isn't meant to be an exhaustive discussion of every doctrinal position taken by the movement. Instead, it explores a few of the major heresies the Word of Faith churches are teaching, with the goal of preventing you from being led astray if you are exposed to them. Even though Bachota once believed, preached, and taught most of these doctrines, the Lord has led him in another direction, opening his eyes to the heresies contained in some of the Word of Faith doctrine. Hopefully, this book will lead you in the same way and enable you to come to the same conclusion he did: the teachings of many churches today, particularly Word of Faith churches, are completely out of touch with sound biblical doctrine.
