## Critical Perspectives on Harry Potter

This thoroughly revised edition includes updated essays on cultural themes and literary analysis, and its new essays analyze the full scope of the seven-book series as both pop cultural phenomenon and as a set of literary texts. *Critical Perspectives on Harry Potter, Second Edition* draws on a wider range of intellectual traditions to explore the texts, including moral-theological analysis, psychoanalytic perspectives, and philosophy of technology. The Harry Potter novels engage the social, cultural, and psychological preoccupations of our times, and *Critical Perspectives on Harry Potter, Second Edition* examines these worlds of consciousness and culture, ultimately revealing how modern anxieties and fixations are reflected in these powerful texts.
