**The Art of the Moving Picture (Modern Library Movies)** Vachel Lindsay

"In the field of film aesthetics, it is the first important American work, still important--The Art of the Moving Picture is astonishing."

--Stanley Kauffmann

Written in 1915, *The Art of the Moving Picture* by poet Vachel Lindsay is the first book to treat movies as art. Lindsay writes a brilliant analysis of the early silent films (including several now lost films). He is extraordinarily prescient about the future of moviemaking--particularly about the business, the prominence of technology, and the emergence of the director as the author of the film.
