Beloved,: Character Studies Nancy J. Peterson

Beloved is an extraordinary novel: it won the Pulitzer Prize for fiction in 1987, and author Toni Morrison won the Nobel Prize for Literature in 1993. Set in the era of slavery, emancipation, and reconstruction in the United States, *Beloved* explores essential questions involving freedom, selfhood, love, and responsibility. The novel's intricate narrative strategies, its compelling cast of characters, and its exploration of African American history make *Beloved* a richly complex and often difficult text. This guide to Morrison's novel will help readers not only to understand the story in depth, but to develop sophisticated skills of literary analysis. Readers who grapple successfully with *Beloved's* characters will also gain valuable insight into the rich thematics and haunting philosophical questions of the novel.
