## African Culture: The Rhythms of Unity

Africa, according to the contributors to this anthology, is one cultural river with numerous tributaries articulated by their specific responses to history and the environment. They concentrate on the similarities in behavior, perceptions, and technologies of African culture that tie those tributaries together. The fourteen original essays by leading scholars of African studies are organized in four general divisions which consider the ethno-cultural motif, the artistic tradition, concepts of cultural value, and cultural continua.
