The future belongs to a different kind of person with a different kind of mind: artists, inventors, storytellers—creative and holistic "right-brain" thinkers whose abilities mark the fault line between who gets ahead and who doesn't.

Drawing on research from around the world, Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*) outlines the six fundamentally human abilities that are absolute essentials for professional success and personal fulfillment--and reveals how to master them. *A Whole New Mind* takes readers to a daring new place, and a provocative and necessary new way of thinking about a future that's already here.
