## From Origin to Destination: Trends and Mechanisms in Social Stratification Research

Despite the momentous social and economic change of recent decades, patterns of social stratification have proven to be remarkably stable. In *From Origin to Destination*, an expert team analyzes the current state of social stratification research from a comparative, international perspective. This volume presents theoretical knowledge as well as empirical evidence on questions such as intergenerational social mobility; inequalities of educational opportunity, gender and ethnicity; and the role of education in the labor market.
