H.R. Loyn

The English Church, 940-1154 (The Medieval World) H.R. Loyn

This book discusses the development of the English Church during a rich and turbulent two centuries of European history. It provides a comprehensive survey covering the late Anglo-Saxon period through the Norman Conquest and right across the Anglo-Norman period. Professor Loyn addresses major themes in medieval history. He begins with the pre-1066 period looking at the great Benedictine monastic revival; he looks at the role of the Church in the Conquest itself; the evidence of the Domesday Book and then considers the activities of the Church in the turbulent years of the Conqueror's successors. The book concludes with a discussion of doctrine, belief and ritual.
