The Periodic Kingdom: A Journey Into The Land Of The Chemical Elements (Science Masters Series)

P. W. Atkins

Come on a journey into the heart of matter—and enjoy the process!—as a brilliant scientist and entertaining tour guide takes you on a fascinating voyage through the Periodic Kingdom, the world of the elements. The periodic table, your map for this trip, is the most important concept in chemistry. It hangs in classrooms and labs throughout the world, providing support for students, suggesting new avenues of research for professionals, succinctly organizing the whole of chemistry. The one hundred or so elements listed in the table make up everything in the universe, from microscopic organisms to distant planets. Just how does the periodic table help us make sense of the world around us? Using vivid imagery, ingenious analogies, and liberal doses of humor P. W. Atkins answers this question. He shows us that the *Periodic Kingdom* is a systematic place. Detailing the geography, history and governing institutions of this imaginary landscape, he demonstrates how physical similarities can point to deeper affinities, and how the location of an element can be used to predict its properties. Here's an opportunity to discover a rich kingdom of the imagination kingdom of which our own world is a manifestation.

From reader reviews:

Doris Williams:

The book The Periodic Kingdom: A Journey Into The Land Of The Chemical Elements (Science Masters Series) give you a sense of feeling enjoy for your spare time. You can use to make your capable a lot more increase. Book can for being your best friend when you getting pressure or having big problem with your subject. If you can make studying a book The Periodic Kingdom: A Journey Into The Land Of The Chemical Elements (Science Masters Series) to get your habit, you can get much more advantages, like add your own personal capable, increase your knowledge about several or all subjects. You can know everything if you like start and read a reserve The Periodic Kingdom: A Journey Into The Land Of The Chemical Elements (Science Masters Series). Kinds of book are a lot of. It means that, science reserve or encyclopedia or some others. So , how do you think about this book?

Nancy Fisher:

The book The Periodic Kingdom: A Journey Into The Land Of The Chemical Elements (Science Masters Series) has a lot associated with on it. So when you make sure to read this book you can get a lot of profit. The book was written by the very famous author. Mcdougal makes some research before write this book. That book very easy to read you will get the point easily after looking over this book.

Veronica Turner:

Reading can called brain hangout, why? Because if you are reading a book specifically book entitled The Periodic Kingdom: A Journey Into The Land Of The Chemical Elements (Science Masters Series) your head will drift away trough every dimension, wandering in every single aspect that maybe not known for but surely might be your mind friends. Imaging each word written in a guide then become one contact form conclusion and explanation which maybe you never get before. The The Periodic Kingdom: A Journey Into The Land Of The Chemical Elements (Science Masters Series) giving you yet another experience more than blown away your thoughts but also giving you useful data for your better life within this era. So now let us show you the relaxing pattern at this point is your body and mind are going to be pleased when you are finished examining it, like winning a game. Do you want to try this extraordinary shelling out spare time activity?

Barbra Walker:

Many people spending their period by playing outside with friends, fun activity together with family or just watching TV 24 hours a day. You can have new activity to pay your whole day by studying a book. Ugh, ya think reading a book will surely hard because you have to use the book everywhere? It all right you can have the e-book, bringing everywhere you want in your Smartphone. Like The Periodic Kingdom: A Journey Into The Land Of The Chemical Elements (Science Masters Series) which is finding the e-book version. So , try out this book? Let's view.
