Gets visual learners up to speed quickly on the newest Photoshop release

Photoshop is the gold standard for image-editing programs and is used by professional photographers, graphic designers, and Web designers as well as hobbyists. Designed for those who learn best visually, this full-color guide has been completely updated to cover the newest release of Photoshop. Previous editions have sold more than 150,000 copies.

- Photoshop is the industry standard for image-editing software used in both print and digital media, with more than four million users worldwide; the latest version includes new functionality and enhanced tools
- People who learn more easily when they can *see* how something is done will quickly grasp essential Photoshop concepts and procedures in this visual, step-by-step format
- Covers importing photos from digital cameras and scanners, retouching and repairing, enhancing digital images, adding custom 3D effects, editing images for the Web, creating a Web photo gallery, incorporating graphics into desktop publishing programs, color management, using layers and filters, compositing, and more

With step-by-step instructions and full-color screen shots to demonstrate each task, *Teach Yourself VISUALLY Photoshop* makes learning easy.

Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
